Monthly breakdown of the trading volume

Source: prepared by the author on the basis of data from the Market and price observatory. CAPMA

Monthly breakdown of the exports

Source: prepared by the author on the basis of data from DATACOMEX.

- The volume of green beans exported grew by 16% compared to the previous crop year. The volume exported represents 36% of the production.
- The incomes obtained from the exports rose more than the volume exported because green beans' unit price increased by 4%.

Commercial types of green beans

SNAP BEANS

Beans with a thick flat pod.

FRENCH BEANS

Beans with a narrow round pod.

OTHER COMMERCIAL TYPES

This category called "other commercial types" includes those commercial types of green beans with a much different price.

This classification is included in the Price Observatory under the name "not designated".
